| <input type="checkbox"/> Fit | <input checked="" type="checkbox"/> No change in fit |
| <input type="checkbox"/> Function | <input checked="" type="checkbox"/> No Change in function |

If applicable, see description below.

Reason for Change - Information

A combination of low volumes and the aging of several components has meant that we have decided to discontinue this product.

Product will be phased out and production will be terminated.

We are now offering current customers a Last-Time-Buy opportunity to fill up reminding demands.

Last Time Buy is December 10, 2022.

Last Shipment Date from production will be June 30, 2023. After that date products can still be repaired in our Service department.

Recommendation

Place your Last-Time-Buy order in time before LTB date.

CrossControl can unfortunately not offer a complete replacing product.

You will find more information about our products here: <https://crosscontrol.com>

Information and dates

Our policy is to inform customers minimum 6 months in advance of Last-Time-Buys. Unfortunately, we received the information late from our supplier, so the Last-Time-Buy window is now shortened.

Last Order Date: 2022-12-10

Note: We encourage customers to place LTB order earlier due to the current volatile semiconductor market

Last Shipment Date: 2023-06-30

After this date, the products are in state Service only and can still be repaired in our service department.

Depending on the decreasing production volumes and related manufacturing cost, MOQ, minimum order quantity is 5 units.
