| <input type="checkbox"/> Fit | <input checked="" type="checkbox"/> No change in fit |
| <input type="checkbox"/> Function | <input checked="" type="checkbox"/> No Change in function |

If applicable, see description below.

Reason for Change - Information

We have been informed that an important component in these products are getting old and will be obsolete in end of 2020. 3G communication is phasing out.

Our policy is to inform for this in time, 6-15 month ahead, so our customers can prepare and take actions. Unfortunately, we received the information late from our supplier, so it is about 4 months left before Last Time Buy (LTB) occurs.

Obsolete components are not possible to purchase after LTB. That is reason why we need information from our customer before LTB occurs.

Customers who have purchased the current products in recent years are now offered to place a final order to meet the final needs of this product.

Note: It is important to send this final purchase order well in advance to receive the final manufacturing opportunities.

Recommendation

Please contact your contact person at CrossControl for information about alternative products or if you want to do reservations of units.

You will find more information about our products here: <https://crosscontrol.com>

Information and dates

Last Order Date: 2020-12-10

Last Shipment Date: 2021-12-10

Depending on the decreasing production volumes and related manufacturing cost, MOQ, minimum order quantity is 5 units.
